

ERCALL WOOD TECHNOLOGY COLLEGE

A FOUNDATION SCHOOL

Headteacher: Chay Davis

Excellence through challenge and initiative

Monday 22nd January 2018

Dear parents/carers

We are excited to be launching Show My Homework, an app and online tool to help you keep track of your child's homework. By using the attached pin number you can see all the homework set for your child, receive notifications relating to due dates, see an indication of its completion status and where appropriate details on the outcome.

It is our hope that the tool can eventually remove the necessity for planners to be used as they are currently. No longer will we need to use valuable lesson time to allow pupils to write down homework and the app can help support completion by sending reminders to them (and you) as deadlines approach.

The system will be in full effect on Monday 29th of January to allow all pupils, parents and carers to download the free app to their phones. Alternatively you can access the portal online at www.showmyhomework.co.uk. In the event you cannot access the area specific to you all the homework for the school will be available by following the link from our website, you then simply need to filter to see items that relate to your child's groups.

If you have any issues or queries relating to the app please do not hesitate to contact me at the school. Thank you for your support.

Yours Sincerely

Darren Andrews
Assistant Headteacher
